## CLEANING INSTRUCTION

- Properly clean the grinder prior to initial use!
- Disassemble the grinder and hand wash each part thoroughly in warm, soapy water, taking particular care to remove all grease and oil from the surface.
- Dry all parts thoroughly before re-assembling. **Do not allow** parts to air dry or washed in a dishwasher.
- Coat all metals parts, including the plates and knife, with a food grade silicone spray to prevent corrosion.
- All parts must be coated with a vegetable oil or food grade non stick silicone spray when not in use
